PROFILE

As a dedicated software engineering undergraduate, I have built a strong foundation in programming and software development, with hands-on experience in technologies like React, Flutter, Firebase, Firestore and Vite. I am driven to apply my skills and passion for innovation in a professional setting, where I aim to contribute meaningfully while continuing to expand my expertise in software engineering.

EDUCATION

BS Software Engineering

COMSATS University

2022 – 2026

Lahore, Pakistan

Core Courses: Data Structures and Algorithms, Object Oriented Programming, Web Development, Flutter App Development, Software Quality assurance, Automated Software Testing, Data Science.

EXPERIENCE

Netsol Technologies

App Development Intern 

07/2025 – 08/2025

Completed a hands-on internship at NetSol Technologies focused on mobile app development using Flutter. Gained experience in building responsive UIs, integrating APIs, and collaborating in an agile development environment.

GenlTeams Solutions

Web Development Intern 

07/2024 – 08/2024

Lahore, Pakistan

During my internship at Genlteams Solutions, I gained hands-on experience with React, Vite, Firestore, and Firebase. I contributed to dynamic web applications by developing responsive UIs, integrating real-time databases, and optimizing performance that significantly enhanced my skills.

ACM Student Chapter CUI

Team head 

2024 – 2025

Lahore, Pakistan

I led a team in organizing technical projects, problem-solving activities, and student engagement initiatives. I delegated tasks, guided team members, and ensured efficient collaboration to achieve goals. Additionally, I worked with other teams to plan events and foster a dynamic learning environment.

PROJECTS

MoveWise

Developed **MoveWise**, an AI-powered mobile fitness app featuring personalized workouts, posture detection, nutrition tracking, and real-time progress analytics for holistic wellness management.

FYP, Comsats University

Fitness Chatbot

A fully functional, production-ready fitness chatbot with comprehensive knowledge bases for fitness, health, diet, and food. Ready to integrate with Flutter and other mobile/web applications.

FYP, Comsats university

Giggle Box

GiggleBox is a fun learning app for kids that makes learning engaging, safe, and entertaining.

NETSOL Technologies

Pizza Online Web App

Developed a React.js platform with admin and user control for managing pizza products and orders.

GenlTeam Solutions

Flavamo Flutter App

A flutter recipe generator app with firebase authentication and cloud firestore having explore and create recipe features

COMSATS University

GoalMate

GoalMate is a Flutter app for managing goals. Features include Firebase auth, Firestore goal storage, status-based filters, progress tracking, user profiles with images, MVVM architecture and a modern UI using GetX for state management and navigation.

NETSOL Technologies

To-Do Web App

Created a React.js task management application with login/signup authentication and linking list with firestore

GenlTeams Solutions

SKILLS

Web Development

React js

FireBase

Firestore

App Development — Flutter app development

Tools & Technologies — Git/GitHub, Agile Development
